A word

As we come out of the Lenten season into the beauty of Easter, we embrace the lighter and longer days. No more driving in the dark at 4pm.

I personally love this time of the year as the plants appear fresh from the winter and flowers are at their best. We also start thinking about our holidays, when and where to go.

During this time it is good to put some time aside to give thanks for those who we love and for those who love us as it is so easy to take things for granted.

My special prayers during this time go out to all the teachers and educators who have a real challenging time ensuring that all our wonderful children are safe and receive the best education possible.

God, we ask you to give our children's teachers wisdom as they aim to balance their lives. Help them find the balance between work, family, recreation, self-care, and the many commitments they juggle. Guide their decisions and free them from the guilt that comes when they are tempted to judge their worth by their performance as teachers, parents, spouses, friends, and other temporary roles. Help establish their identities in your unchanging love. Amen

I believe that we are so much stronger as a community when we gather together in fellowship to support each other. Our churches offer that space at coffee mornings, social groups and worship services
